*Classroom Audit, Spring 2012*

Green Team Member:	
Teacher:	Room Number:
<b>Introduction:</b> My name is _____ and I am a member of the Green Team. We are doing a classroom audit to try and make our school more environmentally friendly. Could I please ask you a few questions?	
How many trash cans are in the room?	
How many black recycle bins are in the room?	
We would like to have a recycle bin near each trash can to make recycling super easy. (You may need to follow up with question A and/or B depending on the situation)	
A. Could I please move your recycling bins so they are near the trash cans?	
AND/OR	
B. Could we please bring more recycling bins to your room to place near the trash cans?	
Did you know the recycling bins take all sorts of items, not just paper? They take cardboard, plastic bottles, aluminum cans, etc.	
Could I please bring new signs for the black recycling bins to promote the fact that they take all sorts of items?	
Besides recycling, we would also like to conserve energy by making sure all electronic items are off at the end of the school day. Do you need any help turning off electronic items (student computers and monitors, document cameras, projectors, speakers, DVD players, etc.) at the end of the school day?	
<b>Closing:</b> Thank you so much for taking the time to answer my questions! We're trying to get things in place in time to celebrate Earth Day in April. Thanks again!
